

Alfredo Fregoso Arreguin 6j

1. Ejercicio: Registro de usuario a plataforma

The image is a hand-drawn mockup of a web browser window. The title bar at the top is grey and contains the text "Proyecto integrador". Below the title bar is a navigation bar with four icons: a left arrow, a right arrow, a close button (X), and a home button. To the right of these icons is a long, empty search bar. Below the navigation bar is a large, light-grey rectangular area representing the main content. Inside this area is a registration form titled "Registro". The form contains the following elements: a label "Nombre completo" above a text input field; a label "Correo Electrónico" above a text input field; a label "Tipo usuario" above a dropdown menu with a downward arrow, showing "Profesor" and "Alumno" as options; a label "Usuario" above a text input field; a label "Contraseña" above a text input field; and a button labeled "Ingresar". To the right of the form, there is a yellow sticky note with the text "double-click to". The bottom of the browser window is a grey bar with a small icon in the bottom right corner.
